Shoot House Instructor Course

This 5-day Live Fire Shoot House Instructors Course will provide students with the knowledge, information, safety protocols and competency they need to safely manage and conduct live-fire CQB shoot house training for Tactical / SWAT Team Officers.

The course will address the following major topics:

- Safety
- 1-5 Officer Team CQB
- Safe Shoot House Set Up
- Multi-Room CQB
- Surgical Shooting
- Multi-Team CQB
- Training Methodology
- Multi-Breach Point CQB
- Single Officer CQB
- NFDD Deployment
- Medical Emergencies
- Target Selection
- Target Placement
- Simunitions Integration

The course will focus on the safety fundamentals required to conduct this training. Students will be tested by written quizzes, participating in and conducting hands-on, live fire shoot house training sessions and scenarios. To pass the course, students must demonstrate their ability to manage, supervise and train fellow students in live fire CQB under instructor supervision.

Prerequisites: This is an advanced tactics course, designed for Tactical / SWAT team firearms and use of force instructors, who will then return to their teams and conduct live fire shoot house training.

Ammunition Requirement: Rifle Ball or Duty: 250Rds / Pistol Ball or Duty: 250Rds / Frangible Rifle Rounds: 200Rds / Frangible Pistol Rounds: 200Rds

These are minimums – bring more if you can.
